OBJECTIVE

Computer Science student with a strong foundation in problem-solving, modern web technologies, and scalable application development, experienced in building interactive projects using JavaScript, React, and APIs. Passionate about writing efficient code and leveraging data structures and algorithms to create reliable, user-focused, and impactful software solutions.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Graphic Era Hill University, Dehradun

2023 – 2027

Dehradun,
Uttarakhand

PROJECTS

Placement-Sarathi: College Recruitment Portal (Ongoing)

Full Stack Development | DBMS | Web Technologies

- Developing a full-stack platform to streamline student-employer interactions.
- Implementing secure authentication and role-based access control.
- Building a real-time notification system and analytics dashboard.
- Designing scalable backend architecture and responsive frontend interfaces.

Optimized Multi-Algorithm Travel Planner

Python | GraphHopper API | NetworkX | Folium

- Developed a travel planning system to compute optimal routes using Dijkstra, Bellman-Ford, and A* algorithms.
- Integrated GraphHopper API for real-time geocoding and travel time estimation.
- Designed an interactive GUI with map visualization (Folium) and efficient graph handling.
- Implemented modular architecture and JSON-based data storage for scalability.
- Enabled algorithm comparison through a visualization dashboard.

TECHNICAL SKILLS

Languages:

- C/C++
- Python
- Java
- HTML, CSS
- JavaScript
- React
- PHP

Core Concepts:

- Data Structures & Algorithms (DSA)
- Object Oriented Programming (OOPs)
- DBMS, SQL
- Computer Networks
- Operating Systems
- Machine Learning
- DevOps, Cloud Computing
- Git, GitHub

CERTIFICATIONS

NPTEL SWAYAM Certification

C Programming and Assembly Language

Data Analytics Course

(Enrolled)

RELEVANT COURSEWORK

Active problem solver

(DSA focused)

Strong teamwork, adaptability, and quick learning ability

Keen interest in building scalable, real-world web and software applications
